

The Good Luck Ship

1. Did you ev-er hear tell of the Good Luck ship? Did you ev-er hear tell of her
 2. Now this Good Luck ship wa-s loa - ded deep Thr-ee anch -- ors weigh-ed all
 3. We had not been sailing three days or four When we e - spied ten

 commander's name? She's the Roy - al Rain - bow fr - om Bri - stol Town
 on the bow And the wind it being east no - r 'east, me boys
 men of war When we e - spied ten men of war

 And Cap - tain Rams - gate was his name
 Right close to the wi - - nd there we did steer
 And down on u - - s they did hus - sor

4.
 The captain called his merry men all, saying
 Get you ready, boys, obey my call,
 Get your firelocks ready and fix them well
 And throw in plenty of good bombshell.

5.
 Then he called up his cabin boy
 And sent him up aloft so high
 And there to fly King George's flag
 And under that we'll fight or die

6.
 So from the sunrise to the sun going down
 We fight like any, boys, when we meet,
 From the sunrise to the sun going down
 We spied not one sail of our fleet.

7.
 But three we sank and three we burned
 The other three, well, they ran away,
 And one we brought safe to fair England's shore
 To let them know we'd won the day.

8.
 So now, thank God, we have won the day
 We've caused them Frenchies all for to fly
 Here is Captain Ramsgate and all his crew
 Let all give them a good huzzah!
